The children enjoy exploring the areas within the classes, becoming **independent in their learning**, as they complete learning missions.

"Ysgol Carrog is a small community school which was important to us when looking at where to send our child for their nursery years. We were looking for somewhere that was caring, professional with high educational standards. What we got was a family friendly, exceptional teaching standards and wellbeing driven school, which was recently picked up within their Estyn inspection. The fact all pupils mix together learning from each other is something Carrog does very well. Everyone at Ysgol Carrog are on hand to make sure your child's start on their educational journey is as smooth and enjoyable as it can be."
